Garden City Framed Canvas

SKU: 32555

Dynamic and full of life, the Garden City framed canvas commands attention with its energetic brushstrokes and rich, layered depth. A sophisticated base of crimson, coral, and deep plum is grounded by moss green, while porcelain white highlights dance across the surface. A refined double gallery frame, featuring a striking black and gold finish, encases the artwork. May be hung horizontal or vertical. Each canvas is proudly handcrafted and printed in the USA. Artwork by Sarah Mankin.
