

# MOE'S

## Olen Bowl White Wash

For keys, loose change, and everything in between. Olen keeps things clean and grounded. Olen keeps things clean and grounded. Carved from mango wood with a soft whitewashed finish, it highlights natural graining while staying light and versatile. The shallow scoop and refined edge detailing give it a minimalist feel with just enough presence to pull a surface together. Transitional, tactile, and easy to place—this is the kind of quiet detail that does a lot with very little.

- Airy with an Edge: The white-washed mango wood, with its light, airy feel, highlights the subtle wood grain and edge detailing.
