

Café™ Stainless Interior Built-In Dishwasher with Hidden Controls

CDT800P2NS1

C A F É

CDT800P2NS1
Stainless Steel with Brushed
Stainless handle

FEATURES & BENEFITS

Ultra Dry – Spend more time with family or guests and less time hand-drying dishes, thanks to a comprehensive Ultra Dry system that targets hard-to-dry items like plastic storage containers.

Loading Flexibility – Load the dishes your way: The fold down tines on the lower rack accommodate wide or oddly shaped items and our adjustable upper rack provides extra space for tall stemware such as wine glasses and serving utensils

Bottle Jets – Vases, canisters and bottles are always clean and ready for your tablescape thanks to the targeted washing power of Bottle Jets

Adjustable Upper Racks – You'll have room for your finest stemware and space for tall bakeware with a rack that can be moved two inches up or down, creating ultimate loading flexibility

Wash Zones – Save time and use less water when you don't have a full dish load with a fully customizable cycle that lets you wash a true half load in the upper or lower rack

Steam + Sani – Eliminate the need to pre-wash dishes at the end of every meal, thanks to a Steam + Sani feature that easily loosens lingering traces of food with an added bonus of complete sanitization.

Active Flood Protect – An internal sensor prevents the dishwasher from overflowing, so you have peace of mind with every cycle

Create a look that matches your personal style – Select any combination of hardware options to create a stunning look customized to any owner's taste
