## Tribe Solution Bars

The legendary Tribe Series expands its range and versatility with Solution Bars. Truly a best of both worlds' scenario, Solution bars possess the cosmetic appeal of active sound bars but their passive design permits outboard amplifiers to be connected for substantially superior performance. Thus, true to Totem form, they are pleasing to the critical eye of a designer and excite the ear of the music, movie and gaming enthusiast. Neither sound nor style is compromised with a Totem Tribe Solution Bar.

# Solution Bars

Solution Bars cosmetically match flat screens but they are definitely not limited exclusively to video applications. Despite their slim chassis they are full range, dynamic, and present Totem's signature enormous sound stage.

The Duo Solution Bar is two channel design in a sealed cabinet, while the Trio Solution Bar is a three channel LCR. Both are sized to fit screens 65" and larger and come equipped with wall brackets designed for a sturdy yet simple installation and sound isolation feet for a simple tabletop placement.

The Duo is equipped with dual neodymium activated, long throw 4" woofers and a 22mm / .86" fabric dome tweeter with wide dispersion characteristics in a D'Appolito configuration. The 3 channel Trio features the same drivers and configuration for the center channel, but the left and right channels feature the tweeter paired with a 5.75" woofer. Timbre matched with all Tribe and Kin, add any on or in wall to complete a multichannel set up.

While their low-profile design and flush mount wall bracket make them ideal for on-wall installations, adhesive backed sound isolation feet are provided should either bar be placed directly on furniture or a mantle.

## Specifications / Features

<b>Tribe Duo Design:</b>	On-Wall Stereo Solution Bar
<b>Cabinet Enclosure:</b>	Sealed
<b>Frequency Response:</b>	65Hz-25kHz
<b>Recommended Power:</b>	20-120 W
<b>Woofers:</b>	Dual 4" long throw
<b>Tweeter:</b>	Dual 1" Soft Dome
<b>Impedance:</b>	8 ohm
<b>Sensitivity dB @1W-1M:</b>	90 dB
<b>Dimensions:</b>	W57" x H5.94" x D3.54" / 144.8 x 15.1 x 9cm
<b>Weight:</b>	10.8kg / 23.8lbs
<b>Grille type:</b>	Magnetic cloth, matching color
<b>Accessories:</b>	Mounting Bracket, hardware, adhesive feet
<b>Speaker Terminals:</b>	Gold Plated Bi-Wire
<b>Available Finishes:</b>	Satin Black and Satin White
