MY-10700-X-C17

PART LIST			
No.	SKU	DESCRIPTION	Qty
A	MY-10700-X-C4/ MY-10700-X-C17	Bunk Bed Ladder/ Super Loft Ladder	1

HARDWARE LIST			
No.	DESCRIPTION	SKU	Qty
H.1	WOOD SCREW 1"	PMY-10700-LDHW	6
H.2	LADDER HOOK		2

TOOLS REQUIRED: DRILL OR SCREWDRIVER

Make sure you have all parts before beginning assembly. Two persons are needed for assembly. Do not fully tighten all bolts until assembly is completed.

1. Attach the Ladder Hook (H.2) with 4 Wood Screws (H.1) to the Bunk Bed Ladder or Super Loft Ladder (A) in the predrilled holes as shown.
2. Decide where you prefer to install the Ladder (A), on the guard rail (OPTION 1) or on the Headboard/Footboard (OPTION 2).
3. Lift the Ladder (A) and place the hooks on the side of the bed chosen.
4. Secure the Ladder to the bed with 2 Wood Screws (H.1), with the help of a drill or a screwdriver.

THE LADDER CAN BE INSTALLED ON THE SIDE GUARDRAIL (OPTION 1) OR ON THE HEADBOARD/FOOTBOARD (OPTION 2)

OPTION 1

OPTION 2

THE LADDER CAN BE INSTALLED ON TWIN / TWIN OPTION OR ON TWIN / FULL OPTION

TWIN / TWIN OPTION

TWIN / FULL OPTION

OPTIONAL ITEMS COMBINATIONS

LADDER ON TWIN OVER TWIN BUNK BED AND LADDER ON TWIN OVER FULL BUNK BED

LOFT LADDER ON BASIC LOFT AND ON SUPER LOFT

SAFETY WARNING

Our Bunk Beds have been tested by an Independent Laboratory and are certified to be in compliance with: ASTM F-1427-19, "Standard Consumer Safety Specification for Bunk Beds" and U.S. Government specifications 16 Code of Federal Regulations, parts 1213 and 1513.

SAFETY WARNINGS

1. Follow the information on the warnings appearing on the upper bunk end structure and on the carton. Do not remove warning label from bed.
2. Always use the recommended size mattresses or mattress supports, or both, to help prevent likelihood of entrapment or falls.
3. Surface of mattress must be at least five inches (127 mm) below the upper edge of guardrails.
4. Do not allow children under 6 years of age to use the upper bunk.
5. Periodically check and ensure that the guardrail, ladder, and other components are in their proper position, free from damage, and that all connectors are tight.
6. Do not allow horseplay on or under the bed and prohibit jumping on the bed.
7. Prohibit more than one person on upper bunk.
8. Always use the ladder or the bed ends for entering or leaving the upper bunk.
9. Do not use substitute parts. Contact manufacturer or dealer for replacement parts.
10. Use of a night light may provide added safety precaution for a child using the upper bunk.
11. Always use guardrails on both long sides of the upper bunk. If the bunk bed will be placed next to the wall, the guardrail that runs the full length of the bed should be placed against the wall to prevent entrapment between the bed and the wall. (This applies only to bunk beds without two full-length guardrails)
12. The use of water or sleep flotation mattress is prohibited.
13. Keep these instructions for future reference.

STRANGULATION HAZARD

14. Never attach or hang items to any part of the bunk bed that are not designed for use with the bed; for example, but not limited to, hooks, belts and jump ropes.

SIZE OF MATTRESS AND FOUNDATION

Your Twin bed is designed to use a mattress 38" in width and 75" in length.

Your Full bed is designed to use a mattress 54" in width and 75" in length.

The total thickness of the mattress and foundation (slat kit, bunk board, etc.) combined must not exceed 6"

Note: There must be at least 5" from mattress sleeping surface to top edge of guardrail.

REPLACEMENT PART

Replacement parts, including additional guardrail, may be obtained from your furniture dealer: Baramhf (Vila furniture)
