Brand: Pulaski Furniture

Product Description: Adjust your tie, fix your makeup, and start every day off on the right foot when you add this gorgeous mirror to its matching dresser - sold separately - in your bedroom. Like its counterpart, it borrows lofty lines and a mantle-like top edge from antique hearth designs, finishing it in soft grey oak veneers. The beveled-edge mirror is the perfect generous size for examining your outfit or lending an open, expansive feel to your room by reflecting light. This dresser mirror mounts securely to the back of its matching dresser with two bolt-on wooden supports and its included hardware for stability.

Collection Features: Timeless and timely, the Madison Ridge collection incorporates simplified traditional elements for a relaxed attitude. A light finish with grey wash enhances the pronounced grain of the flat cut oak veneers. Custom designed hardware finished in antique nickel completes the look. Optional blanket chest footboard provides bench seating and additional storage space.

Status: Coming Soon 1

Finish: Bluff gray finish features soft brown undertones for easy decor matching

Material: Hardwoods and Veneers

Frame Construction: Pulaski uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
