PowerSteam® Stainless Steel Dishwasher, Transitional Design

SKS

Transitional Design

Features Satin Stainless Steel that is less reflective and adds timeless luxury to modern kitchens. Sleek, straight handles contribute to the modern aesthetic but also ensure a comfortable grip.

QuadWash™ Pro

High-pressure jets with 38% more cleaning power*, spray dishes from multiple angles, while soaking them with over one million microbubbles.

Dynamic Heat Dry™

Our Dynamic Heat Dry technology circulates hot air throughout the dishwasher for faster, more complete drying, delivering table-ready dishes right off the rack including hard-to-dry plastics.

1-Hour Wash & Dry Cycle

The exclusive QuadWash™ Pro and Dynamic Heat Dry™ technology combine to deliver a 1-hour wash and dry cycle.

PowerSteam® for Cleanability and Sanitation

Use the power of steam to maximum steam cleaning for better cleaning and fewer water spots, resulting in sparkling clean dishes. Plus, it is certified by the National Sanitation Foundation to reduce bacteria on dishes by 99.999% and reach a final rinse temperature greater than 150°F when operated on the Steam cycle** for peace of mind.

Easy Loading and Maximum Flexibility

The EasyRack™ Plus system provides outstanding flexibility and convenience, adjusting to just about any load of dishes to help ensure optimal cleaning performance. The height adjustable 3rd rack provides more space and flexibility to fit virtually everything from flatware to wine glasses.

Innovation

Wi-Fi Enabled for ThinQ® Control with iPhone / Android App	Yes
Remote Monitoring	Yes

Performance

PowerSteam® Technology	Yes

Installation Clearances

Notes

This dishwasher is designed to fit a standard dishwasher opening. An opening may be needed on both sides to route plumbing and electrical connections. See marked areas above for water and electrical clearances in base of dishwasher.

To ensure proper drainage, install the dishwasher no more than 12 ft. (3.65 m) from the sink.

Electrical connection should be in an accessible location adjacent to and not behind the dishwasher and within 4 ft. (1.2 m) of the dishwasher's side.
