NOTES

Center console includes two cupholders and a storage compartment for keeping your belongings organized and tucked away

Contoured seat with waterfall chaise cradles you in for supportive comfort

Eye-catching biscuit tufted backrest

Lightly padded, wrapped arm and back wings have a contrasted color on the underside for some interest

Available in two top grain leather color options that are durable for everyday use

Zero Gravity recline puts you in the ideal position that reduces pressure and gives you a feeling of weightlessness

Customize your comfort with a power control that adjusts the headrest and recline independently

A home button on the power control returns the headrest and footrest to their original positions with one touch

USB-A and USB-C charging ports are built into power control for convenient charging and have zero draw technology to prevent the battery from draining when they're not in use

Built to last with our patented Flexsteel DualFlex Spring System—sturdy steel ribbons attached to flexible coils that offer a wide range of motion and durability

Removable backs for easy moving throughout the home

The power control allows you to independently adjust the recline, headrest, and lumbar support.

A separate home button returns the headrest, footrest, and lumbar support to their original positions with one touch.

A USB port is included on the power control for powering electronics.

Zero draw technology only uses power when the USB port is in use.

**Power Recline,
Headrest, & Lumbar**
