NOTES

Handle-activated recline system on the side of the arm allows you to manually adjust between sitting and reclining
 Pull-tufted, triple-divide back cushions support your back and have distinctive look
 Rounded pad-over track arms enhance comfort and provide additional forearm support
 Contoured seat with chaise pad for a comfortable, tailored look
 Built to last with our DualFlex Spring System™—sturdy steel ribbons attached to flexible coils that offer a wide range of motion and durability
 Attached back and seat cushions stay right where you want them, keeping you comfortable and your space tidy
 High-density cushions consist of a high-resiliency, high-density polyurethane foam core with a soft fiber wrap that ensures comfort as you sit and recline
 Available in durable, cleanable performance fabrics that will withstand everyday use by an active family
 Available in over 250 fabrics to suit any décor
 Removable back allows for easy lifting and maneuvering through doorways
 Footrest easily lowers when you apply pressure in a downward motion
 Swivel mechanism allows seamless side-to-side motion
 Gliding mechanism provides soothing movement that helps you relax
 Rocking recliner provides soothing movement in the seated position, helping you relax
 Power control on the arm effortlessly adjusts the recline, keeping you comfortable
 USB charging port built into power control keeps devices powered up and ready to use
 Power control on the arm independently adjusts the headrests, recline and lumbar for a personalized sit
 Home button returns the headrest and footrest to their original positions with one touch
 Power control on the arm independently adjusts the headrest and recline for a personalized sit
 Lower the footrest by applying pressure to it in a downward motion. Lowering the footrest with the handle can damage the recliner.
 Power allows you to smoothly recline to any position.
 A single USB port is included on each power button control on styles with arms.
 The power control allows you to independently adjust the recline, headrest, and lumbar support.
 A separate home button returns the headrest, footrest, and lumbar support to their original positions with one touch.
 A USB port is included on the power control for powering electronics.
 Zero draw technology only uses power when the USB port is in use.
 The power control allows you to independently adjust the recline and headrest.
 A separate home button returns the headrest and footrest to their original positions with one touch.
