

KIN BY TOTEM

The KIN SUB10 is yet another audio solution in the award winning, versatile KIN family. Compact but packing a big punch, it has the inputs required for a wired connection but can be conveniently paired wirelessly with the optional transmitter; LINK.

However connected and with all material, KIN SUB10 adds substantial bass and excitement to every listening session.

Available Finishes:

Satin Black

UPC:744142530819

Satin White

UPC:744142530826

The customized 10" woven fiberglass woofer is powered by a 300W amplifier, designed in tandem to ensure they harmonize perfectly and produce thunderous and musical bass.

Variable volume, phase, and crossover controls tailor its output to the environment, speakers, and personal tastes. A unique BASS EQ offers two settings; Natural is pure and linear, providing tight, musical bass. High Impact increases the lower range output by several dB for more intense bass energy.

The optional LINK Wireless Transmitter can be added to KIN Play, KIN Play Mini, KIN Amp, or any other system with a subwoofer output to enjoy the same **wireless** convenience.

KIN SUB 10 pairs wirelessly with the KIN PLAY Sound Bar without requiring the LINK.

Unwavering for over 37-years, Totem Acoustic introduces "Kin by Totem" our sub brand that provides a unique portal with more accessible products. Targeted at a wider and more diverse audience, KIN offers audio solutions that are convenient, simple, versatile and with up-to-date technology. Discover your KIN • kinbytotem.com
