Collection Features: The natural beauty and near mystical experience of the American wilderness inspires a spirited collection from Hooker Furniture, a celebration of dramatic vistas and the freedom to roam, a land of rough-hewn timber and towering snow-capped peaks, boundless plains, and cool, clear mountain lakes. Hooker brings home a dream of wide-open spaces and a life lived in tandem with iconic landscapes with furnishings that evoke the weight, heft and heritage of post and beam construction, the mark and artistry of true craftspeople, and substantive, thoughtful designs right for today. Watch for warm, rustic, hickory veneer, and rich finishes like charred timber, dusk, and avalanche, organic textures like burlap and top grain leather, forged hardware, and classic moldings for the traditionalist. Those with a more modern bent will gravitate toward the clean lines of waterfall edges, crosshatch surfaces and planking details that speak to authenticity and the hand of the maker. Welcome to the peaceful, easy feeling of Big Sky. It's time to simply breathe.

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
