MOE'S

Jenson 9 Drawer Dresser Brown

Simple form, big impact—Jenson doesn't need to shout. Its classic frame gets a modern edge from a deep brown, wirebrushed oak veneer finish that adds quiet character and visual depth. Nine push-to-open drawers keep the front clean while giving you plenty of room for everything from everyday essentials to "where did this come from" extras. Built with an oak veneer exterior and a rubber wood inner frame, it's storage that looks as composed as it feels.

- Design-Forward Frame: A classic silhouette sharpened by a deep brown, wirebrushed finish, giving the dresser a grounded presence without feeling heavy.
- Oak Veneer Exterior: Front, sides, top, and drawer fronts are wrapped in oak veneer for a consistent look with natural-looking grain variation.
- Rubber Wood Support: An inner frame made from rubber wood adds solid structure behind the scenes, so the piece feels steady and well-made.
- Push-To-Open Storage: Nine drawers open with a gentle press for a seamless front and ample organization—no handles, no visual clutter, just function.
- Open-Drawer Safety Stops: Built-in safety stops add stability, support, and tip-over prevention, bringing a layer of security to everyday use.
