Sleeps Cool:

COOLSTREAM® COOLING FABRIC

Special conductive yarns actively move heat through the fabric to maintain a cool, comfortable sleeping environment all night long.

Advanced Cooling:

UNIFORM TECHNOGEL LAYER

Technogel's naturally high thermal conductivity means it helps disperse heat released from your body throughout the night. Plus, an innovative grid design helps promote airflow and breathability to enhance thermal regulation.

Comfort Layers:

COOL MEMORY FOAM

Copper infused memory foam regulates temperature for deeper sleep and contains naturally anti-microbial properties

Comfort Layers:

CERTIPUR-US FOAM

Gives your body the support it needs for proper spinal alignment and is made with open cell technology for lasting comfort that sleeps cool

Personalized Comfort:

9-SERIES FOAM ENCASED POCKETED COILS

9-series coil system: Independent coils adjust to your body's unique shape for personalized pressure relief and comfort.
