Product Description: The Westwood Two-Drawer Nightstand offers understated luxury with practical features. Its two drawers with oak veneer bottoms and open space between drawers for extra storage are complemented by an open metal frame with plated Radiance hardware. The Polished Limestone finish on quartered oak veneers adds a modern, elegant touch, making this nightstand perfect for contemporary bedrooms. Its clean lines and subtle design make it a versatile addition to any space.

Collection Features: Understated and elegant, the Westwood Collection was designed for those who appreciate the finer things in life. Exuding a “quiet luxury” lifestyle, Westwood seamlessly blends minimalist aesthetics with sophisticated comfort. Crafted with quartered oak veneers, the Polished Limestone finish offers a soft hand, adding character and depth to the group. Plated hardware and silver-leaf detailing adds to the soft modern appeal. Designed for those who value subtle sophistication, the whole home collection with coordinating upholstery can easily transform any space into an elegant haven of serenity and style.

Status: New

Finish: Polished Limestone finish on quartered oak veneers. Custom knob hardware and metal frame in plated Radiance finish.

Features: Two drawers
Oak veneer drawer bottoms
Open metal frame
Open space between drawers for added storage

Material: Oak Veneers and Metal

Drawer Construction: Hooker Furniture offers full height, full depth and full width drawers for maximum storage capacity. All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use. Plywood drawer bottoms are attached to plywood drawer sides for strength and durability. Metal side guides or wood on wood guide systems operate smoothly.

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
