Enjoy espressos, lattes and cappuccinos, just the way you like, with the KitchenAid® Metal Semi-Automatic Espresso Machine and Automatic Milk Frother Attachment Bundle. This is the first residential espresso machine that features dual, smart temperature sensors, that maintain the perfect brewing temperature shot after shot. The fast-heating thermocoil technology heats water up to the ideal brewing temperature in less 45 seconds. And, the low pressure pre-infusion and 15-bar Italian pump work together to make a deliciously rich, thick crema. The Automatic Milk Frother Attachment, attaches to the espresso machine and prepares milk for delicious lattes and cappuccinos. Programmable dosing and a variable micro-foam adjuster allow you to adjust the milk amount and texture to match your taste and preference.

Top Features

Residential First - Dual, Smart Temperature Sensors

Pre-Infusion and 15-Bar Italian Pump

58-mm Commercial-Grade Portafilter
