Product Description: Our Quincy 2-Drawer Nightstand combines traditional bedside storage with modern convenience. Two drawers with ball-bearing drawer guides provide easy access and essential storage space for books, reading glasses, medications, or other personal belongings. A built-in USB port allows you to conveniently charge smartphones, tablets, e-readers, or other electronic devices without additional adapters or cords. This nightstand can be used in various settings beyond the bedroom, providing storage and charging capabilities for guests or family members.

Collection Features: Quincy is a smaller-scale, casual, transitional collection with linear, classic silhouettes. Crafted with quartered ash veneers in a molasses finish, the minimalist design is accentuated by a heavy bevel on the pilasters and custom bar pull hardware in a soft bronze finish. Hints of Mid-century modern styling includes architectural elements and beveled case designs.

Status: Active

Finish: The dark tone of the Molasses finish is versatile and pairs well with various bedroom décor styles

Features: Sleek, streamlined silhouettes combined with mid-century modern, transitional design elements create a sense of simplicity and elegance

Boasts clean lines and a small-scale profile, making it practical for casual living

Two drawers and a USB port offer a practical and functional solution for charging devices while keeping bedside essential within reach Custom bar pulls in a soft bronze finish contribute to a sense of luxury, elevating the overall design

Material: Ash Wood Veneers

Drawer Construction: English Dovetail Drawer Construction

Frame Construction: Pulaski uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board,

made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
