Product: 24 inch Built-In Front Control Dishwasher with the Pocket Handle
Model Number: ADW24PF

TECHNICAL DETAILS

Watts (W)	840W for Heater, 50W for Motor
Amperage or Current (A)	7 A
Volts (V)	120 V
Frequency (Hz)	60 Hz
Rated Power Usage	240 KWh
Noise Level (dBA)	52 dB
Power Cord Length	Hard Wire
Water Feed Pressure	20 -120 psi (138 - 862 kPa)
Min. Inlet Water Temperature	120 F
Inlet Hose Length	Not provided by Thor
Outlet Hose Length	52 inches

CONTROL PANEL DETAILS/ FEATURES

Load Capacity	12 sets
Number of Wash Cycles	7
Water Consumption	3.2 Gallons per Cycle
Washing Performance	80 Plus Certified
Tub Material	Stainless Steel
Number Of Racks	2
Rack Adjustability	Yes
Basket Type	Nylon Coated
Control Type	Front Control
Water Softner	No
Childlock	Yes (Control Panel Lock)
Installation	Side or Top Mounting
Heating Element Type	Exposed
Accessories Included	Three-piece Silverware Basket Water Outlet Pipe

FEATURES & BENEFITS

- Hybrid Tall Tub Design:** Maximizes durability and aesthetics with a stainless steel door and tub shell, while incorporating a plastic base for added stability and functionality.
- Pocket Handle Design:** Offers a sleek and modern look, providing a seamless integration into your kitchen decor, and the touch front controls offer convenience and ease of use.
- NSF/ANSI 184 Certified Water Sanitization:** Guarantees superior hygiene by achieving a minimum 99.99% reduction of bacteria during the final rinse, ensuring your dishes are thoroughly clean and safe to use.
- 7 Cycles:** Auto / Heavy / Normal / Glass / ECO / Quick / Rinse: Provides a wide range of cycle options to cater to your specific dishwashing needs, whether it's tackling tough stains, delicate glassware, or conserving energy.
- 5 Functional Options:** Heated Dry / Sanitize / Hal: Enhances the versatility of your dishwasher, allowing you to customize the drying process, sanitize your dishes for optimal cleanliness, and halve the load size for smaller loads.
