- Lowboy - Make the most of tight spaces with a water heater that fits where height is a concern
- Household Size - Provide hot water for the whole family of 1 to 3 persons
- Quick Recovery - Two 5500W heating elements quickly increase water temperature for hot water when you need it
- Inlet Tube - Replenishes water from the bottom of the tank to maximize hot water delivery
- Easy Set Up - Replace your old water heater quickly and easily using standard water and electrical connections
- Anode Rod - Durable design offers long-lasting protection against corrosion
- Drain Valve - Rust-proof construction can be counted on to provide long-lasting service
- Adjustable Thermostat - Change temperature to your desired setting
