Collection: Arabella

Color: Eglomise

Number of Shelves: 0

Number of Drawers: 3

Number of Leaves: 0

Style: Traditional

Finish: Silvers

Brand: Hooker Furniture

Product Description: Enticing glam meets cool modern wit in the Arabella Nightstand. Finished in shimmery eglomise with heavily painted charcoal finish on the exposed wood edges, the top drawer has a drop-in felt liner, and the bottom drawer has a cedar bottom. There is one live USB port and three electrical outlets. One touch switch is located on each side of the case; there is a light underneath and a cord clip.

Collection Features: A new take on French style that combines classic European elements with modern forms, then adds metals and a touch of glam to create an industrial luxe look. Our Arabella collection marries two of the most pervasive home furniture trends in the last several years – industrial interiors and laid-back luxurious looks – for a result much greater than the sum of two parts. The new direction takes industrial style, which can become cold and stark, and makes it softer and more romantic by anchoring the look in classic French elements with touches of glam and sparkle.

Status: Active

Finish: Eglomise with heavily painted charcoal finish on exposed wood edges. Distressing includes rasping.

Features: Three drawers

Top drawer has drop-in felt liner

Bottom drawer has cedar bottom

Power supply

One touch switch located on each side of case

One light underneath

Cord clip

Material: Hardwoods, Cedar Veneers and Eglomise with Resin

Drawer Construction: Hooker Furniture offers full height, full depth and full width drawers for maximum storage capacity. All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use. Plywood drawer bottoms are attached to plywood drawer sides for strength and durability. Metal side guides or wood on wood guide systems operate smoothly.

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
