

## GCCI3070BM

### 30" Induction Cooktop with MatteGuard(TM)

The Frigidaire Gallery 30" Induction Cooktop, features our premium MatteGuard™ Surface that reduces visible scratching by 5X, helping your cooktop maintain a beautiful, like-new finish over time. Experience the speed of induction with a powerful 3,600-Watt PowerPlus(R) Burner that boils water 50% faster than gas cooktops. The easy-to-use integrated touch-control panel offers a sleek and seamless design and makes cooking and cleaning easier. And get peace of mind that this cooktop will fit your existing cutout with our Frigidaire Fit Promise.

Available Colors: Stainless Steel

Version: 01/26

## Consumer Benefits

### MatteGuard™ Surface

Our new MatteGuard™ surface reduces visible scratching by 5X, helping your cooktop stay looking newer for longer.

*Frigidaire standard glass surface versus MatteGuard surface using IEC 60068-2-70 testing procedure.*

### Easy-to-Clean Cooktop

Unlike traditional electric and gas cooktops, Induction only heats the pan and the food in it, so the area around the pan stays cooler, allowing you to clean up spills and splatters while you cook.

### 3,600-Watt PowerPlus® Burner

Our 3,600-Watt PowerPlus® Burner combines power and precision - boiling water 50% faster than gas, while offering the precision and responsiveness of induction cooking.

*11" induction right front element, 6 qt./10" diameter pot, 1 qt. tepid water compared to 18,000 BTU gas right front burner.*

### 2-in-1 Bridge Element

Allows for simultaneous control of two elements, perfect for a griddle pan or large pot.

### Power Boost

Speed up your time to boil with Power Boost - available on all burners.

### Integrated Touch-Controls

The integrated touch-control panel offers a sleek and seamless design, and when in use, allows you to adjust the heat with a simple swipe of your finger.
