Product Description: Add a touch of elegance to your home with the Westwood Console Table. Featuring a narrow rectangle shape and a stunning Volakas stone top, this console table blends white, gray, and organic tones for a unique, elegant coloration. Perfect for hallways or living rooms, this table provides both style and functionality with open storage space.

Collection Features: Understated and elegant, the Westwood Collection was designed for those who appreciate the finer things in life. Exuding a "quiet luxury" lifestyle, Westwood seamlessly blends minimalist aesthetics with sophisticated comfort. Crafted with quartered oak veneers, the Polished Limestone finish offers a soft hand, adding character and depth to the group. Plated hardware and silver-leaf detailing adds to the soft modern appeal. Designed for those who value subtle sophistication, the whole home collection with coordinating upholstery can easily transform any space into an elegant haven of serenity and style.

Status: New

Finish: Polished Limestone finish on quartered oak veneers. The Volakas stone top showcases a natural blend of white, gray, and other organic tones for a unique, elegant finish.

Features: Narrow, rectangle shape
Open storage space

Volakas stone top

Material: Oak Veneers and Marble

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.

Important Use Information: We recommend the use of felt tabs and coasters to protect the stone surface. All stone tops, especially those around water should be sealed or polished before use and on a regular basis to keep the porous stone from absorbing any stains from water, soap, wine, colas, etc. Wipe up spills immediately, since any liquids allowed to seep in may not be able to be removed and may etch the surface, causing discoloration. Most home improvement stores have a wide range of products for these applications due to the sale of stone counter tops.
