**Product Description:** Introduce a versatile, mid-century modern aesthetic to your home's decor with our Quincy Upholstered Bed Bench. The generously padded upholstered cushion provides a comfortable spot for seating while getting ready or putting on shoes. The bottom shelf offers a space to store shoes, baskets, books, or decorative items. Whether used in a bedroom, entryway, or living room, the combination of seating, storage, and decorative details make this bench a valuable addition to any living space.

**Collection Features:** Quincy is a smaller-scale, casual, transitional collection with linear, classic silhouettes. Crafted with quartered ash veneers in a molasses finish, the minimalist design is accentuated by a heavy bevel on the pilasters and custom bar pull hardware in a soft bronze finish. Hints of Mid-century modern styling includes architectural elements and beveled case designs.

**Status:** Active

**Finish:** The dark tone of the Molasses finish is versatile and pairs well with various bedroom décor styles

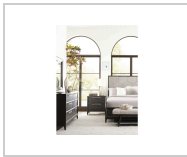

**Features:** Sleek, streamlined silhouettes combined with mid-century modern, transitional design elements create a sense of simplicity and elegance

Boasts clean lines and a small-scale profile, making it practical for casual living

A generously padded upholstered seat with vertical stitching and an open shelf underneath lends a relaxed and inviting vibe with storage. Splayed, tapered legs add to the minimalist aesthetic

**Material:** Ash Wood Veneers

**Frame Construction:** Pulaski uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat

and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
