

## PANEL-READY 24" BUILT-IN UNDERCOUNTER WINE CELLAR, LEFT SWING

### Signature Features

#### DARING OBSIDIAN INTERIOR

Inspired by volcanic glass, this dark finish erupts with reflective, high-contrast style. Let the object of your desire emerge like vibrant art, begging to be consumed.

#### UV-RESISTANT THERMAL GLASS

Let your tongue meet tannins. Double-paned glass helps filter out ultraviolet light and helps reject temperature swings to sustain the body and finish you covet.

#### SMOOTH CLOSE RACKS

Smooth moves. Each beechwood rack opens and closes fluidly and quietly, even when fully loaded.

### Technical Specifications

#### 45 BOTTLE CAPACITY

Drench your desires. Chilled from neck to end, every bottle of cool, liquid temptation is cradled in one of two precision temperature zones.

#### MARQUEE LIGHTING

Light up the night. Strips of LED lighting run vertically on either side of the cellar, illuminating each label so you can select a perfect pairing.

#### SMOOTH CLOSE DOOR

Quiet, soft, secure. An articulating hinge discreetly ushers the door open and gently pulls it closed.

#### INDEPENDENT TEMPERATURE ZONES

Compose ideal climates for choice wines. Two temperature zones and eight curated presets await your command.

#### STEALTH FLUSH DESIGN

Create an unbroken silhouette. Discreet 1/8" reveals envelop every side, without exposed hinges or trim pieces.

#### PRECISE TEMPERATURES & HUMIDITY

Unwavering conviction. Two temperature sensors in two zones keep the climate firmly within your control, while a single humidity sensor monitors quietly in the background for long term wine storage.
