VINCENT

Play a variety of games on this stylish table that is veneered in a Silver Satin finish. The top inset has a game board with maple and walnut veneers for chess and checkers. Flip the inset over and it converts to a green felt-lined blackjack table. Remove the insert altogether and the well (beneath the inset) is a backgammon game board with inlaid veneers of cherry, maple and walnut. This table comes with all game pieces, cups, dice and a deck of cards for playing chess, checkers, backgammon, blackjack/card games and cribbage. Four ashtray shaped cup holders in each corner.
