

HASTINGS OPEN HUTCH/BUFFET - COMPLETE

Together, the Hastings Buffet and Open Hutch are the statement piece in this solid wood dining room. The Hastings not only shares its style with farmhouse dining rooms of the past, it also utilizes the nearly forgotten sawtooth feature to adjust the shelves. Functionally, it offers closed storage and organization in the buffet, while the open hutch provides a great place to display your favorite things.

- Hutch has four adjustable shelves
- Buffet has three doors
- three drawers and adjustable shelves
- New Zealand Pine

Solid Wood - Made
using genuine solid
wood construction
