# Assembly Instructions

<p><b>step 1</b> Screw two pins into two leg frames by using wrench.</p> 	<p><b>step 2</b> Place the top assembly upside down on a soft surface and pull out two wooden slides to each side. Install the cams on back panel to fix the leg frames. Note that on the cam there is an arrow showing the orientation of the cam to the pin. Adjust the cams in right position to tighten.</p> 
<p><b>step 3</b> Fasten the leg frames with (8) bolts, flat washers and lock washers.</p> 	<p><b>step 4</b> Place the table right side up. (Using the wood glides underneath the top for keeping the top flat and folding the leaf.)</p>  <p>Wire management hole on back of desk: pull the disk out, run wires, and snap disk back in place.</p>
