Product Description: Some household pieces are as lovely as they are practical, and the beauty they can add to a home is yours for the arranging. We designed this mirror curio for people who enjoy a modern, sophisticated display. Our tall curio is solidly built in select hardwood solids and veneers and a deep Chocolate Cherry finish that gives a fresh and bright appearance. This curio has a two-way felt-lined sliding door with lock. It includes beveled glass on the front, a mirrored back, halogen lighting, adjustable glass shelves, and adjustable glides for leveling.

Collection Features: With over 60 years of furnishing homes across America, Pulaski Furniture continues its heritage of outstanding value, quality and design. We invite you to explore our accents and display cabinet collection and find the perfect piece to make a statement or complete your vision for any area of your home.

Frame Construction: Pulaski uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in

quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.

Cleaning Information: L: Gently wipe with a water dampened white cotton cloth. Wipe dry with a clean dry cloth. Clean spills immediately with a soft, slightly damp cloth.
