| Color         | Cream       | Logo                      | Applied  |
| Finishing     | Glossy      | Door shelf profile color  | Silver   |
| Handle        | External    | Drawers profile color     | Silver   |
| Handle color  | Chromed     | Glass shelf profile color | Chromed  |
| Logo color    | Chromed     | Display                   | LED      |
| Side material | Steel       | Display position          | Internal |

## Refrigerator compartment features

|                                        |       |                       |       |
|----------------------------------------|-------|-----------------------|-------|
| No. of adjustable shelves              | 2     | Type of crisper cover | Glass |
| Number of fruit and vegetables drawers | 1     | LifePlus zone - 32°F  | Yes   |
| Type of adjustable shelves             | Glass | Refrigerator lighting | LED   |
| Crisper cover                          | Yes   |                       |       |

## Refrigerator Inner Door

|                                   |   |                       |   |
|-----------------------------------|---|-----------------------|---|
| Number of adjustable door shelves | 3 | No. of bottle shelves | 1 |
|-----------------------------------|---|-----------------------|---|

## Other Refrigerator features

MultiFlow

Yes

Fan

Yes

## Freezer features

No. of shelves

1

Freezer lighting

Yes

Freezer lighting

LED

Shelf type

Glass

## Freezer Inner Door

No. of adjustable door shelves

2

## Other Freezer features

Ice-maker

Yes

Ice maker

Automatic

Fast-freezing compartment

Yes

## Other technical features

Display functions

Fast-freezing button

Door open alarm

Temperature setting type

No. of compressors

Refrigerant gas type

Compressor type

Foam agent

Fast-freezing, ECO, Temperature alarm

Yes

Acoustic and visual

Electronic

1

R600a

Inverter

Cyclopentane

## Performance / Energy Label NEW

Annual energy consumption

453 KWh/year

Freezer volume

4.38 cu. ft.

Total volume

19.28 cu. ft.

Noise level

41 dB(A) re 1pW

Refrigerator volume

14.90 cu. ft.

Climatic class

SN, N, ST, T

## Electrical Connection

Plug

(A) USA & Mexico

Voltage (V)

120 V

---

|                              |       |
|------------------------------|-------|
| Electrical connection rating | 197 W |
| Current                      | 2,6 A |

|                                                                                  |                                                                                                                                            |                                                                                   |                                                                                                                                                                                                                                         |
|----------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|  | The automatic defrost system works by automatically defrosting at regular intervals eliminating the need to defrost altogether.            |  | LED display: to show programmes, functions and options selected and the time to the end of the cycle.                                                                                                                                   |
|  | Economical mode: Analyzes fridge functioning during the activation and optimizes the operating cycle in order to reduce power consumption. |  | Ventilated: Forced distribution of cold air in the refrigerator compartment, which allows even temperature distribution within the fridge.                                                                                              |
|  | Fast freezing: The fast freezing function brings the temperature of the compartment down when activated a few hours prior to usage.        |  | LED interior lighting: is a more energy efficient and long lasting way of illuminating the interior of the appliance.                                                                                                                   |
|  | Life Plus 0°C: The temperature in the Lifeplus compartments is kept at 0°C, which preserves fresh meat and fish longer.                    |  | Inverter technology: The evolution of Smeg's driers towards more intelligent and environmentally sustainable models has led to the choice of using Inverter technology with heat pumps, which reduces significantly energy consumption. |
|  | Air plus: keeps food fresher for longer.                                                                                                   |                                                                                   |                                                                                                                                                                                                                                         |
