**GENERAL**

Items included in this Catalog may not be represented in the Theodore Alexander showroom.

Each of the unique items featured in this Catalog are the subject of copyright protection in the United States and throughout the world.

Some items in this Catalog may not be available in certain Region or Country.

**APPEARANCE**

All Theodore Alexander products are manufactured to the highest standards and with the utmost care and attention to detail. Whilst we make every effort to accurately reproduce the colours of the furniture illustrated, differences in texture, grain and colour are inherent in all natural woodwork and should be expected as the individual characteristics of materials used. Variations in these qualities are not manufacturing defects and will not be accepted as such for the purpose of claims. Some changes in colour or texture may occur during the life cycle of the product, particularly in leather, wood and veneer.

All exposed surfaces of Theodore Alexander furniture are prepared, sanded and finished, even though at times they are not visible. This includes the undersides, the back and the inside of the drawer boxes amongst others.

While our fabrics and leather are sourced from the finest upholstery manufacturers, we are unable to provide a guarantee on fabrics or leather, including COM. Theodore Alexander can take no responsibility for wearability of fabric and leather or alternations to the fabrics and leather after it has shipped. We recommend the use of a professional upholstery dry cleaner in case of soiling or wear.

Items are photographed in studio conditions and the appearance of the actual items may vary from that shown

**DIMENSION, SPECIFICATIONS AND STYLE**

All dimensions listed are approximate given the hand crafted nature or our product and the variation in fabrics used. There may be a difference of up to 2” from listed dimensions.

When giving overall dimensions we may use some rounding.

Product specifications are not binding and we reserve the right to make changes without notice. Please refer to your shipment for final sizes and specifications.

Where descriptions refer to particular historical styles, this does not indicate the product stems from this period in any aspect other than in design inspiration.

**INTELLECTUAL PROPERTY**

We are proud of the unique designs created by our skilled designers and craftsmen. To protect your investments, infringements of any proprietary (trademarked, patented, copy righted or otherwise protected) design or right will be pursued to the full extent of the law. We will take legal action against any person and / or company that knowingly or unknowingly infringes upon our intellectual property rights. Trademarks, collection names, design and design elements in the Catalog may be the subject of pending and issued copyrights, trademark registrations and patents.

All images and text contained in this Catalog are the sole property of Theodore Alexander or its subsidiaries and may not be use or reproduced in any medium without the expressed written consent of Theodore Alexander.

**THE FRENZY COLLECTION**

The concept of high style modernity in furniture has been a pursuit for over a century. How does one reduce traditional decoration and retain a sense of value and style – create a concert of form and function?

Arguably the Art Deco movement was one of the first to challenge accepted decorative style. Some of the great French Art Deco designers and architects of the period - Jacques Emile Ruhlmann, Jules Leleu, Gilbert Poillerat, Raymond Subes, and Edgar Brandt – created pared down architectural furniture. Distilling forms, and focusing on exceptional woods, veneers and subtle metal accents they focused on surface and form, proportion and texture. They incorporated or re-appropriated materials such as acrylic, shagreen, glass and metal into a modern aesthetic. Brandt, Poillerat and Subes reinterpreted wrought iron and brass work into ‘modern’ forms.

The Frenzy collection takes a fresh view on this distillation of style that occurred in the Art Deco period.

Inspired by the textured and scrolling metalwork of Brandt and the architectural furniture forms of Ruhlmann and Leleu, materials such as Carrara marble, finely figured Eucalyptus veneer, metal work, acrylic and shagreen echo the ethos of the Art Deco movement whilst imparting a distinctly 21st century design and interior vision.

A close-up photograph of a dark-stained wooden surface, likely a table or desk, featuring a smooth, curved edge. A thin, polished brass inlay runs along the curve of the edge, adding a touch of luxury. The wood grain is clearly visible, and the lighting highlights the texture and the metallic sheen of the brass.
