SONY

LF-S50G/W
Smart Speaker with Google Assistant Built-In

You speak, it listens. Your built-in Google Assistant takes commands and can control all of your smart devices. Tell it to play your favorite song, or ask it any question you can think of. With touch-free gesture control, you can skip a song with the wave of your hand. And with Sony's high quality, 360° speaker, you'll hear the same great sound from anywhere in the room.

Features

Google Assistant built-in
Play music. Get answers. Control your smart devices. Built-in Google Assistant can do just about anything you ask it to.[1]

360 degree omni-directional sound
Hear the same great rich, clear sound from anywhere in the room.

Splash-proof design
Worry-free listening thanks to the IPX3-rated splash-proof design

Connect and stream music easily with Bluetooth® and NFC
Built-in Bluetooth® technology lets you listen to audio from your smartphone with ease.[2] For even easier connection, One-touch NFC makes pairing compatible devices as easy as a tap

Touch-free gesture control
Want to control volume, pause, or play audio without being vocal? Just wave your hand over the top – – no contact required.

Enjoy high quality sound
Enrich your listening experience music, thanks to a two-way facing speaker, two-stage diffuser, and bass reflex duct.

Clock display
With an LED clock display, you never need to ask Google for the time. You can dim or turn it off to minimize electric light in your room.
