Shade: Natural Linen

Shade Dimensions: 18"w x 10"d x 19"w x 10"d x 12"h

The Cactus Table Lamp has a slender oblong shape, making it great for spots where a lamp needs to sit closer to the wall. Made of made of composite to resemble concrete, it is slathered in varying shades of green for a verdigris ombré effect that looks aged. Because of this hand-applied treatment, the artisanal fixture will vary slightly from lamp to lamp.
