C650 • Emmitt Lounge Chair

Dimensions: 27 $\frac{1}{4}$ x 34 x 27 $\frac{3}{4}$

Approx. Ship Weight: 50.0

Made in America

Our top-selling Emmitt Lounge Chair, the Emmitt Settee combines upholstery, solid wood, and hand hammered tapered solid steel together into a highly functional, exceedingly comfortable, and ultimately, beautifully modern silhouette. The fully welded frame utilizes a hand forged take on modern design with a double tapered leg, while the one-piece solid 1" thick maple seat frame supports either fabric or leather upholstered cushions. It was nominated for the prestigious American Society of Furniture Designers Pinnacle Award.
