KEY FEATURES

WI-FI BUILT IN

With built in Wi-Fi, you can access all your Smart Home Theater features and apps wirelessly.

FULL WEB BROWSER

Browse all your favorite sites right there on the big screen. Access movies and TV shows, download apps, shop online, search the web, update your status on Facebook® and Twitter™ and more. There's no need to grab your computer to look up movie reviews. Search on the same screen as you choose a title.

BLUETOOTH™ POWER ON

Conveniently connect and control your home theater with Bluetooth®. The device automatically powers on once it's located through the network.

3D BLU-RAY™

Experience jaw dropping, full HD reality in both 2D and 3D.* Enjoy the latest Hollywood 3D titles, and watch as your favorite characters practically leap off the screen when you pair this Blu-ray™ player with a 3D TV* and 3D active shutter glasses.

SHAPE MULTI-ROOM LINK COMPATIBLE

The Samsung Home Theater easily integrates into your Shape Multi-Room System. Enjoy your movies, TV and music wirelessly with rich, multi-room sound and no cluttering cords. Pop in a CD and hear its incredible sound on any compatible speaker in your home.

SCREEN MIRRORING

The screen mirroring feature allows you to mirror your phone or other compatible mobile device's screen onto the TV's screen wirelessly. This feature allows you to use your big screen television instead of your device's smaller screen for showing content, media playback and other functions.

WIRELESS REAR CHANNEL SPEAKERS

The main module and rear channel connect wirelessly to create a dynamic surround sound experience. This gives you flexible placement of your Home Theater System's main module and transforms your room with truly enriching sound.

VIDEO UPSCALE (DVD)

With HD Upconversion, DVD video is auto enhanced to bring you near HD quality. You'll see your favorite titles with greater details and clarity than you've ever seen before.

CRYSTAL AMP PLUS

The Samsung Crystal Amplifier Plus filters sound sources twice to minimize distortion and produce clear audio that sounds exactly the way it was meant to be heard.

QUICK START MODE

Your Smart Home Theater is ready when you are. Stop waiting and start watching.

AUDIO

DOLBY® DIGITAL

An industry standard, surround sound audio codec designed to deliver 5.1 channels of audio to deliver a cinematic audio experience.

DOLBY® TRUEHD

Delivers 100 percent lossless sound for movies and music that is bit-for-bit identical to the studio master, designed for your high definition home theater.

WEB VIDEO

BD WISE™

Watch online videos in near high definition quality on your TV with Samsung BD Wise Web. It automatically optimizes web videos by sharpening both imagery and text. BD Wise Web also resizes the video ratio so edges are never cut off.

CONNECTIONS

ANYNET+™

Redefine the universal remote with Anynet+ from Samsung. Control up to twelve compatible devices and streamline your device management for a better user experience.

USB

Get complete access to stored audio and video files from a USB memory drive or external hard drive. This wide range of compatibility allows you to connect and share content via USB.

BLUETOOTH®

Wirelessly connect your mobile devices to your Home Theater System with Bluetooth®. The system functions as a Bluetooth® speaker for portable devices so that you can stream music from your smartphone, tablet or computer.

HDMI

Connect your TV and audio systems with a single cable for higher quality audio and video for a better entertainment experience when watching your favorite movies, shows and sports.
