

The commanding **Barkley Square** bedroom suite features numerous design elements that sets this group apart from others. The bed is accented with spool beading details, fluted bun feet, and intricate metal work that is also displayed in the mirror. Complimenting the bed, are the case pieces that feature rosette rings with drop handles, full extension glides, felt lined top drawers, and dovetailed drawers. One particularly unique piece in this collection is the dresser. A hidden felt lined push drawer is sure to keep valuables safe while the cabinet compartment is convenient for oversized objects.
