This bureau is not just a functional piece; it's a statement of style and organization in your bedroom.

**Collection Features:** This collection gathers elements of traditional English and French designs, casualized for the modern consumer by its updated finishes and functional scaling. Capitalizing on the familiarity and interest of these rich histories, this collection of items, including both suited and individual pieces, is a compilation of two distinct but complementary lifestyles.

**Status:** Active

**Finish:** A deep, rich Chimney Smoke finish exudes an intriguing and mysterious aura

**Features:** Traditional style and modern scale effortlessly bridge the gap between the past and the present

Eight spacious drawers in varying sizes provide ample storage space to help keep your clothing, accessories, and other items organized

**Material:** Hickory Veneers

**Drawer Construction:** French and English Dovetail Drawer Construction

**Frame Construction:** Pulaski uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
