24 bit/192KHz Playback

Audio Streaming Services: Spotify®, iHeartRadio®, Rhapsody®, Tunein®, Pandora®, Google™ Cast

Music Flow Player app (iOS, Android)

Mesh Network

Built-in WiFi

Bluetooth

PRODUCT HIGHLIGHTS

Google™ Cast

LG Music Flow products have Google Cast built-in so you can cast your favorite music apps like Pandora and Google Play Music from your personal device to your speakers. You can cast from your Android phone or tablet, iPhone, iPad, Mac or Windows laptop or Chromebook.

Smart Hi-Fi

Connect your LG Music Flow speaker to your network via Wi-Fi® to access music from compatible mobile devices, NAS drives, PCs and internet streaming services. Once connected, all of your content will be at your fingertips and easy to control through the Music Flow Player app.

Mesh Network

Music Flow is designed to minimize those pesky drops in connection that interrupt your jam. LG's Mesh Network combined with Dual Band Wi-Fi technology lets you enjoy high-definition music on a more stable, seamless connection.
