THE ENGLISH CABINET MAKER COLLECTION

#### FOREWORD

Stephen Church is a Master Cabinetmaker who designs as well as crafts fine furniture following the tradition of English 18th century cabinet makers from Adam and Chippendale to Hepplewhite and Sheraton.

Today those traditions are maintained with pride by a selected team of craftsmen working at Theodore Alexander.

Stephen acquired a thorough practical knowledge of traditional cabinet making techniques and materials from an early age and has broadened his horizons by working for many years with some of the world's leading furniture specialists.

His experienced eye and attention to detail bring together the finest woods and exotic veneers which are finished by hand to Stephen's exacting standards, thus replicating the aged color and patina of the finest pieces created by his famous predecessors.

#### THE ENGLISH CABINET MAKER

The English Cabinet Maker collection is a celebration of the art and craft of British furniture over the last four centuries.

The designer Stephen Church, a notable and classically trained cabinetmaker in his own right, draws on classic British furniture and adds his own signature style. No detail is insignificant. From hand selected woods and veneers, exceptional finely cast hardware and beautifully cut dovetails, these truly are a connoisseur's homage to classic British style.

# Craftsmanship

## Metalwork

Traditional yet sophisticated techniques achieve the exceptional details in our high quality brass hardware. Investment casting, a refined version of lost wax casting is used to create these fine forms. Hand-polished to perfection and carefully antiqued, our hardware takes on a jewellery-like character. All hardware is made in Theodore Alexander's own foundries which allows us to maintain our constant high standards.

## Veneering

We hand choose our veneers for the Cabinet-maker collection. From European to exotic veneers, all are selected for quality, colour and figure from the finest sources. Our hand inlaid marquetry and parquetry designs, which also incorporate brass inlay, reflect the very best of traditional English cabinetmaking.

## Finishing

Careful sanding of all exposed surfaces is critical to achieve the clarity of finish required to highlight the fine veneers and woods in this collection. Even in dark finishes the figure of the woods can be fully appreciated. A layered approach to the colour elicits a depth of finish that is unrivalled.

## Cabinetry

The cabinetry techniques for this collection are grounded in the rich skills and heritage of the 18th century. Traditional jointing, dovetailed drawers and solid interior construction are mainstay of this collection which evokes and continues the fine traditions of craftsmanship set by the masters of English cabinetmaking.

## Fine Woodwork

Finely hand-carved and turned details in solid mahogany are key elements of Cabinetmaker furniture. Theodore Alexander artisans sculpt both bold and delicate details by hand so that each piece retains unique character.

Every process and every detail, from a carved chair leg to a table finish or inlay, is executed by hand. Our craftsmen employ time-honoured techniques to craft truly beautiful furniture you'll fall madly in love with.

All surfaces of our furniture are prepared, sanded and finished, even those areas that are not always visible. This includes the undersides, the backs and the inside of the drawer boxes among others.

We believe that the person who owns a piece of Theodore Alexander furniture should take comfort in knowing the item can be viewed from any side and that we've made the piece using a time-honoured, handcrafted method that is the true mark of high quality.

#### **APPEARANCE**

All Theodore Alexander products are manufactured to the highest standards and with the utmost care and attention to detail. Whilst we make every effort to accurately reproduce the colours of the furniture illustrated, differences in texture, grain and colour are inherent in all natural woodwork and should be expected as the individual characteristics of materials used. Variations in these qualities are not manufacturing defects and will not be accepted as such for the purpose of claims. Some changes in colour or texture may occur during the life cycle of the product, particularly in leather, wood and veneer.

All exposed surfaces of Theodore Alexander furniture are prepared, sanded and finished, even though at times they are not visible. This includes the undersides, the back and the inside of the drawer boxes amongst others.

While our fabrics and leather are sourced from the finest upholstery manufacturers, we are unable to provide a guarantee on fabrics or leather, including COM. Theodore Alexander can take no responsibility for wearability of fabric and leather or alternations to the fabrics and leather after it has shipped. We recommend the use of a professional upholstery dry cleaner in case of soiling or wear. Items are photographed in studio conditions and the appearance of the actual items may vary from that shown

#### **DIMENSION, SPECIFICATIONS AND STYLE**
