Description

The Farley nightstand is a fantastic addition to this entire bedroom collection, with its three drawers. It offers wonderful storage, but is the same height as the large Farley end table, so they can be used together on either side of the bed to give a consistency and a balance yet different storage options. The polished nickel bead frames the outer lines of the piece and add a nice contrast to the rich Walnut wood shown in the smoked stone finish. The custom polished nickel drawer pull hardware has a slight bow angle and are installed offset to add a little visual interest yet keep the tailored silhouette. This Farley small end table works with the entire collection and proves that simple yet elegant style and design is timeless.
