INSTALLATION INSTRUCTIONS

CABLE MANAGEMENT CAP CMA-274

The CMA-274 cable management cap is an esthetically pleasing protection for exposed wiring. The cable management cap will fit a pipe with an outside diameter of 2 to 2 ³/₄ inches.

WARNING: IMPROPER INSTALLATION MAY RESULT IN SERIOUS PERSONAL INJURY! When mounting Chief Manufacturing accessories, the structural system and mounting method MUST be capable of supporting 5 times the combined weight of the total installation.

(1) CAP, Cable Management, 4" Length

Unpack and check contents:

Figure 1. Parts

- 1. Route wiring along side of pipe or pole.
- 2. Using a tin snips, or appropriate cutting tool, trim cable management cap (see Figure 1) to desired length as necessary.
- 3. Install cable management cap over wiring, snapping it onto pipe.
- 4. Secure wiring at each end of cable management cap using tie wrap, electrical tape, or other suitable fastener.
