

MOE'S

## Dawn Accent Table White

A mix of black and white marble, the Dawn accent table brings together contemporary modern design with minimalism and structure-play. This table is versatile and unique with a moody grey marble base, a brass-finished iron post, and a stunning white marble top — the perfect wow factor for your living space.

- Grey marble cylindrical base, brass detailed iron pedestal & white marble tabletop
- The use of natural materials means embracing imperfections (such as unusual marble veining, rock striations, textured grooves, and uneven texture)
