Features

- An original Buddy Whitlock painting.
- Abstract design on canvas stretched over a pine wood frame.
- Replicated from an original Buddy Whitlock painting, our print technology uses ink with a similar composition to acrylic paint.
- The technology allows for layers of ink to be built up and made dimensional, duplicating the texture that exists on the artist's original painting.
- The print technology combines colors, layers of texture, and a slight gloss finish giving the most realistic replication possible.
- Frame is made from poly fiber with added color and texture for a ready to install finished look.
- D ring hardware is included on each piece of art for easy installation.
