

ASSEMBLY INSTRUCTIONS

DESCRIPTION: LOFT BEDS

ITEM NO : Y-15760-7-C2/Y-15760-7-C3/Y-15760-7-C4/Y-15760-7-C10/Y-15760-7-C11/Y-15760-7-C12
Y-15760-8-C2/Y-15760-8-C3/Y-15760-8-C4/Y-15760-8-C10/Y-15760-8-C11/Y-15760-8-C12

Replacement Parts

Replacement parts, including additional guardrails, may be obtained from Elements International Group, LLC stores. Keep all instruction sheets for future reference to assemble bed for moving and/or different set up.

Size of Mattress

Twin extra long -Twin extra long option: This bed is designed to use a twin mattress 37.5" to 38.5" Wide x 79" Long with the total thickness not exceeding 8" for upper and lower bunk.

Twin extra long -Full extra long option: This bed is design to use a twin mattress 37.5" to 38.5" wide x 79" long with total thickness not exceeding 8" for upper bunk and a full mattress 53.5" to 54.5" Wide x 79" Long with the total thickness not exceeding 8" for lower bunk.

Do not use mattress without the proper slat system and proper attachments described in the instructions.

NOTE: there must be at least 5 inches from the top surface of the mattress to top edge of guardrail.

SAFETY WARNING !

1. Follow the information on the warning appearing on the upper bunk end structure and on the carton. Do not remove warning label from bed.
2. Always use the recommended size mattress or mattress support, or both, to help prevent the likelihood of entrapment or falls.
3. Surface of mattress must be at least 5 inches below the upper edge of the guardrails.
4. Do not allow children under 6 years of age to use the upper bunk.
5. Prohibit more than one person on upper bunk.
6. Periodically check and ensure that the guardrail, ladder, and other components are in their proper position, free from damage, and that all connectors are tight.
7. Do not allow horseplay on or under the bed and prohibit jumping on the bed.
8. Always use the ladder for entering and leaving the upper bunk.
9. Do not use any substitute parts. Contact manufacturer or dealer for replacement parts.
10. Use of a night light may provide added safety precaution for a child using the upper bunk.
11. If the bunk bed will be placed next to a wall, the guardrail that runs the full length of the bed should be placed against the wall to prevent entrapment between the bed and the wall.
12. Always use guardrails on both long sides of the upper bunk.
13. The use of water or sleep flotation mattress is prohibited.
14. Keep these instructions for future reference.
15. Strangulation Hazard-Never attach or hang items to any part of the bunk bed that are not designed for use with the bed: for example, but not limited to, hooks, belts, and jump ropes.

Caution : Please read instructions thoroughly before unpacking assembly parts. Sharp, exposed staple tips can cause injury, therefore, for your protection, please remove any exposed staples used in packing.

1.We recommend that you should assemble this product with the assistance of another person; this will make assembly easier, and will help to eliminate damage the product or injury to persons during assembly.

2.Be sure to check all packing materials carefully for small parts that may have come loose inside the carton during shipment.

3.Please do not over tighten screws or bolts.

4.Please put all parts on a non-abrasive floor before assembly, and follow the assembly steps to assemble your newly purchased product correctly and efficiently.

FCC Compliance Information

Product Name: AC/DC ADAPTER

Model Number: DT-20, DT-21, DT-22, DT-23, DT-24, DT-25, DT-26, DT-27, DT-28, DT-30

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

CAUTION: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
