**Product Description:** Transform your dining space with the sophisticated Westwood Rectangle Dining Table. Featuring two 20-inch leaves, this elegant table extends to 126 inches, making it perfect for large gatherings. The quartered oak veneers with a Polished Limestone finish, paired with plated hardware and double pedestal bases, exude subtle luxury and contemporary design. Ideal for those who appreciate minimalism with a touch of modern flair, this dining table offers both form and function for any upscale dining room.

**Collection Features:** Understated and elegant, the Westwood Collection was designed for those who appreciate the finer things in life. Exuding a "quiet luxury" lifestyle, Westwood seamlessly blends minimalist aesthetics with sophisticated comfort. Crafted with quartered oak veneers, the Polished Limestone finish offers a soft hand, adding character and depth to the group. Plated hardware and silver-leaf detailing adds to the soft modern appeal. Designed for those who value subtle sophistication, the whole home collection with coordinating upholstery can easily transform any space into an elegant haven of serenity and style.

**Status:** New

**Finish:** Polished Limestone finish on quartered oak veneers

**Features:** Two 20-inch leaves

Table extends to 126-inches long with both leaves in place

Double pedestal bases with metal accents

**Material:** Oak Veneers, Metal and Resin

**Finish Construction:** Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

**Frame Construction:** Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.

**Important Use Information:** We recommend using coasters, placements and trivets when using hot containers with this item. It is also recommended to provide quick cleanup for any spills to minimize exposure to moisture. Doing so will prolong the life and look of the item and provide many years of the quality you expect.
