

FARMSTEAD DRESSER

The Farmstead Dresser captures the essence of the Plank Road collection. Inspired by a period in American history when function helped define style, the dresser includes the uneven, solid pine boards on the top and framed end panels. It also features the elongated, custom designed hardware found throughout the collection. The overall look is a casual/vintage character made to last.

- Seven drawers
- Removable jewelry tray in top right drawer
- New Zealand Pine

Solid Wood - Made using genuine solid wood construction
