

Specs

Audio

Two Class-D digital amplifiers perfectly tuned to match the speaker drivers and acoustic architecture.

One tweeter creates a crisp and clear high-frequency response.

One mid-woofer ensures you'll hear the faithful playback of mid-range vocal frequencies plus deep, rich bass.

Adjustable bass and treble controls let you customize your sound by individual room or groups of rooms.

Six far-field microphone array, used for smart voice capture and noise cancellation.

Responsive audio chime lets you know Sonos One has heard you and is working on a response.

Physical

Dimensions - H x W x D
6.36 x 4.69 x 4.69 in. (161.45 x 119.7 x 119.7 mm).

Weight
4.08 lbs. (1.85 kg).

Product finish
White with white matte grille; black with black matte grille.

Top-panel features
Capacitive touch controls for volume up/down, previous/next track, play/pause, microphone mute. LED indicates status, mute status, and voice feedback.

Complete privacy
An illuminated LED indicator light ensures you're always aware when the speaker's microphone is active.

Power & Networking

Power supply
Auto-switching 100-240 V, 50-60 Hz AC universal input.

WiFi, not Bluetooth
Connects to your home WiFi network with any 802.11b/g, 2.4 GHz broadcast-capable router for uninterrupted wireless streaming.

Ethernet port
One 10/100 Mbps Ethernet port. Wire directly to your router to operate your Sonos if WiFi is unstable, or use the Ethernet port to provide Internet accessibility to non-wireless devices if you're using Boost setup.
