**Product Description:** Form and function meet artistic expression with the Revival Row Round Table. The combination of the round shape, splayed legs, and intricate carving creates a table that becomes the focal point of any space. The X stretcher adds stability and contributes to a cohesive, well-designed look. Small details make a huge impact, turning this functional piece of furniture into a visual statement.

**Collection Features:** This collection gathers elements of traditional English and French designs, casualized for the modern consumer by its updated finishes and functional scaling. Capitalizing on the familiarity and interest of these rich histories, this collection of items, including both suited and individual pieces, is a compilation of two distinct but complementary lifestyles.

**Status:** Active

**Finish:** A deep, rich Chimney Smoke finish exudes an intriguing and mysterious aura

**Features:** Traditional craftsmanship meets modern design

The tabletop, smooth and polished, forms a perfect circle, inviting a sense of unity and connection

Splayed legs with decorative carving gracefully extend outward from a central point, creating a stable and visually captivating base

**Material:** Hickory Veneers

**Frame Construction:** Pulaski uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
