

ROANOKE DISPLAY BUFFET

The Roanoke Buffet is one of the most most unique items in the Monogram Walnut collection. By utilizing sliding doors instead of drawers, this dining storage piece is able to better showcase the character of the solid American Black Walnut from which it is constructed. This design also creates a more transitional silhouette as it allows for visual length. From a function perspective, the sliding doors open to reveal two spaces, each with an adjustable (or removable) shelf.
