NOTES

Rocking recliner provides soothing movement in the seated position, helping you relax  
 Handle-activated recline system on arm allows you to manually yet efficiently move between sitting and reclining  
 Divided back cushion cradles your neck, back and lower lumbar for enhanced comfort  
 Streamlined inset padded armrests have a seamless look and comfortable feel  
 Built to last with our patented Flexsteel DualFlex Spring System™—sturdy steel ribbons attached to flexible coils that offer a wide range of motion and durability  
 Attached back and seat cushions stay right where you want them, keeping you comfortable and your space tidy  
 High-density cushions consist of a high-resiliency, high-density polyurethane foam core with a soft fiber wrap that ensures comfort as you sit and recline  
 Available in over 250 fabrics to suit any décor  
 Available in durable, cleanable performance fabrics that will withstand everyday use by an active family  
 Removable back allows for easy lifting and maneuvering through doorways  
 Footrest easily lowers when you apply pressure in a downward motion  
 Swivel mechanism allows seamless side-to-side motion  
 Gliding mechanism provides soothing movement that helps you relax  
 Power control on the arm effortlessly adjusts the recline, keeping you comfortable  
 USB charging port built into power control keeps devices powered up and ready to use  
 Home button returns the headrest and footrest to their original positions with one touch  
 Lower the footrest by applying pressure to it in a downward motion. Lowering the footrest with the handle can damage the recliner.  
 Power allows you to smoothly recline to any position.  
 A single USB port is included on each power button control on styles with arms.  
 The power control allows you to independently adjust the recline and headrest.  
 A separate home button returns the headrest and footrest to their original positions with one touch.  
 A USB port is included on the power control for powering electronics.  
 Zero draw technology only uses power when the USB port is in use.

Power Recline & Headrest
