

STICKLEY®

Create a feeling of casual elegance with the soft, mid-century modern lines and gentle arc of the Walnut Grove Sofa. The inviting and gently rolling arms flow into a tight back that is tailored for extra comfort. Shaped front legs and an exposed wooden front rail are the signature design features and create a visual contrast between solid wood and soft upholstery. As on all Stickley upholstery, eight-way hand-knotted springs provide even support and comfort. Available in fabric or leather.
