Product Description: Infuse your space with tranquility with the organic and chic Armani Sofa Table crafted of Pecan wood with a Crema marble top featuring a soft veneer pattern. The neutral Brie finish is a grey tone with reeded details to complement a wide range of interiors.

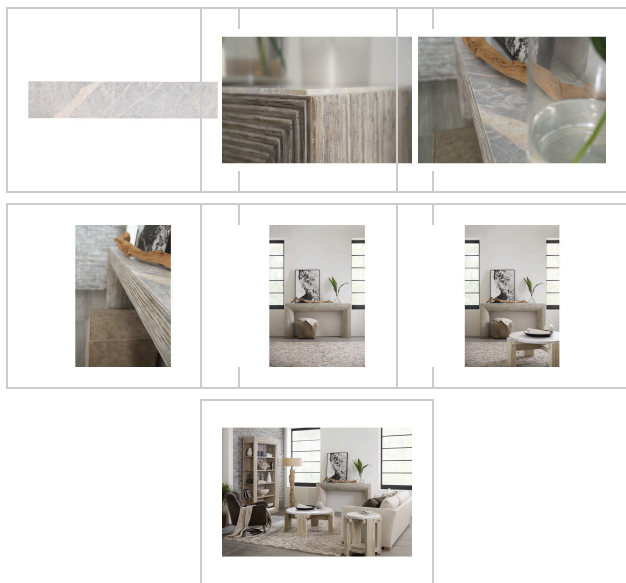

Collection Features: Inspired by a sophisticated approach to a life of leisure, the collection's modern, yet casual style evokes memories of a place of refuge and retreat with its tranquil mix of organic materials and tonal wood tones. The collection includes dining room, occasional and accent pieces. Characterized by a mix of natural materials, the group includes stone, sandblasted capiz shell accents, raw metal details in a soft zinc finish, natural jute rope and lattice details. Combined with natural pecan veneers in three calming tonal finishes, Amani creates inviting spaces that epitomize a life of leisure.

Material: Pecan Veneers and Marble Veneers

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
